

# **3rd TTCS National Workshop on Biomass Energy**

MORENA HOTEL 3<sup>rd</sup> November,  
2017

# THE OUTLINE

- ❑ The Process of Policy review
- ❑ Design of the draft Policy
- ❑ **Snap shot:** Effect of the Policy towards Environmental Quality and Human health

# The process

- ❑ The process started in June 2014: Where ToR were prepared and submitted to the Consultant (Economic and Social Research Tanzania - ESRF)
- ❑ Technical Review Panel (TRP) & Multi-Sectoral Task Force (MTF) which involved different stakeholders were established.
  - ❑ Their main task was to review and provide comments for the draft Policy from the Consultant. (Internal review)
- ❑ The task force(Core-Team) was established which was made up with members from VPO & NEMC with the main task of coordination (Secretariat)

# The process cont.....

- ❑ First layer of Consultations: Five zonal meetings were conducted to obtain stakeholders comment from all Regions in Tanzania
  
- ❑ Second layer of consultations: Involved:
  - ❑ MDAs –Different institutions; Research and Academic Institutions; Private Sector; Non Governmental Organizations; VPO Mngmt, VPO staff

# The process cont....

- ❑ After consultations:
  - ❑ Synthesis/analysis of all comments from a wide range of stakeholders consulted in the process
  - ❑ Incorporation into the Draft Policy of substantive comments from stakeholders to produce the Final Draft Policy
  - ❑ Kick start the Cabinet endorsement Process of the Final Draft (already  comments from the Cabinet Secretariat have been attained to finalize the Policy)

# The Approach

- ❑ Sectoral Approach Vs Issues (NEP 1997)
  - ❑ Clarity on directives
  - ❑ Policy directives to specific sector

# Design of the draft Policy:

The draft Policy has five chapters

## ❑ Chapter 1 Introduction

- ❖ Overview on NEP 1997
- ❖ Situational Analysis (Focus: NEP 1997 six Env. Challenges)

## ❑ Chapter 2: The aim of Policy review

- ❖ Policy review justification
- ❖ Vision & Mission
- ❖ Objectives (Overall and Specific)

## ❑ Chapter 3: Policy statements

- ❖ Issue(s)
- ❖ Objective
- ❖ Policy Statement(s)

# Chapter 3 cont....

- The Chapter divide into 3 parts:
  - ❖ **Sectoral policy issues:** e.g. Agric (crop farming), Livestock, Health, Fisheries, Forest, Energy , Transport, etc
  
  - ❖ **Thematic Policy issues:** e.g. Land; Environmental quality & Health; Climate change; Forestry, Oil and Gas, Biodiversity , Disasters & Crises etc
  
  - ❖ **Cross-cutting Policy issues:** e.g. Gender, HIV & AIDS, Good Governance etc.

## Design cont....

### □ Chapter 4: Legal framework:

- ❖ Legal Framework: - Highlights what will happen to legal Framework in light of the Revised Policy

### □ Chapter 5: Institutional framework:

- ❖ Institutional framework: Highlighting roles & responsibilities of key players
- ❖ Monitoring & Evaluation: VPO playing key roles in coordination, implementation and M & E of the revised Policy

# Env. Quality Vs Human Health

- Environmental quality & health (sect. 3.2.2)
  - ❖ Intrinsically interrelated
  - ❖ Has a bearing on the costs of environmentally related health risks
  - ❖ Investing in a healthy environment is investing in the health and well-being of our current and future generations
  - ❖ Addressing the links b/n Env quality & health will b key to achieving the 2030 Agenda on SD and the SDGs

# Env. Quality cont...

- ❑ The Revised Policy in this regard provide directives that will protect our people from being exposed to environmental related risks leading to an array of health disorders from:
  - ❖ Poor air quality
  - ❖ Radiations
  - ❖ Chemicals 
  - ❖ Wastes (toxic)
  - ❖ Noise pollution
  - ❖ Poor water quality
